OUT OF AREA DECLARATION

Please check with Reception, if you're out of area.

Please be aware that you live outside the Practice area (catchment area) and that we are not required to provide you with a home visit. You may on occasion, develop an urgent illness or injury at home that means attending the GP surgery as normal would not be appropriate.

If you require a GP please contact the Practice in the first instance. If we determine you need access to services local to where you live, we may ask you to call NHS 111. In these circumstances, NHS 111 will direct you to the local service that has been established by NHS England for patients such as you. This local service could be a GP Practice near to where you live, the local walk-in or urgent care centre, A&E or minor injuries unit.

This local service will then decide if you can attend for an urgent face to face appointment with a healthcare professional or if a home visit is needed which will be based on your individual circumstances. If this is in the out-of-hours period when GP surgeries are normally closed – between 8.00pm and 8:00am weekdays and during weekends – NHS 111 will direct you to the local out-of-hours provider.

Occasionally following a visit to the Practice you may be referred by your GP to an external service or hospital for treatment. If this is the case you will have a choice of provider either located in your own Borough or here in Wandsworth. Please let your GP know your preference at time of referral.

ARE YOU A CARER?

A Carer is someone who, with or without payment, provides help and support to a partner, child, relative, friend or neighbour who could not manage without their help. This could be due to age, physical or mental illness, addiction or disability. The term Carer should not be confused with a care-worker or care assistant, who receives payment for looking after someone.
